

5. Take Cover!

Abdul thought it would be fun to watch his friend Jessica's first landing. First, he was just terrified to be at the airfield. Abdul was pleased and relaxed as he noticed Jessica starting the landing. His look of concern was evident when the plane descended too quick. Abdul was calm when he realized the danger he was in. He dove for cover. Later, Abdul bragged about his bravery but still wouldn't accompany Jessica as a passenger.

Abdul's emotions are evident in this sketch done in sequence. It wasn't until Abdul saw the plane heading straight for him that his hair stood on end.
